### HANDLING AND STORAGE

#### Manipulation

- Carefully follow the instructions on the package or on the enclosed leaflet/band/tag.
- Avoid any type of use not provided for in the instructions.
- Avoid mixing with other or similar products or with different substances not provided for in the specific instructions.
- Never put the spilled product back into the original containers for new use.
- Keep products away from children.

#### Storage

Store in a dry and well-ventilated place (room temperature). Do not store or use the product near an open flame or heat source or electrical appliances or in direct sunlight. Do not store the product below 5 °C. Close the container tightly after use.

### PERSONAL PROTECTION/ EXPOSURE CONTROL

The work environment must be adequately ventilated, possibly with mechanical air exchange (Annex IV to Legislative Decree 81/08).

In the event that the Employer identifies risks that cannot be avoided by other means, it is required to make adequate Personal Protective Equipment (PPE) available to workers (Legislative Decree 81/08). PPE must comply with the standards provided for by Legislative Decree 17/2019 (Legislative Decree 81/08). The use of PPE provided by the employer is mandatory (Legislative Decree 81/08).

In this specific case, during all phases of application, handling and final rinsing, use disposable plastic gloves (e.g. polyethylene or nitrile).
