MEASUREMENTS IN CASE OF ACCIDENTAL DISPERSION

Collect the spilled product and wash with plenty of water. Never put the spilled product back into the original container for use. Never reuse spilled product.

HANDLING AND STORAGE

Manipulation

- o Carefully follow the instructions on the packaging or on the enclosed leaflet.
- o Avoid any use not provided for in the instructions.
- o Avoid mixing with other or similar products or with different substances not provided for in the specific instructions.
- o Never put the spilled product back into the original containers for further use.
- o Keep products out of the reach of children.

Storage

Store in a dry, well-ventilated place (room temperature). Do not store or use the product near an open flame or heat source or electrical appliance, or in direct sunlight. Do not store the product below 5 °C. Close the container tightly after use.

PERSONAL PROTECTION/EXPOSURE CONTROL

The work environment must be adequately ventilated, possibly with mechanical air exchange (Annex IV to Legislative Decree 81/08).

If the Employer detects risks that cannot be avoided by other means, he is obliged to make adequate Personal Protective Equipment (PPE) available to workers (Legislative Decree 81/08). PPE must comply with the standards set out in Legislative Decree 17/2019 (Legislative Decree 81/08). The use of PPE provided by the Employer is mandatory (Legislative Decree 81/08).

Wear appropriate gloves.

CHEMICAL AND PHYSICAL PROPERTIES

Aspect	Dust
Smell	Characteristic
Color	Characteristic
pH (1% sol. acq.)	9.80 – 10.80
